Focus: MTEC will be hosting the Defense Medical Innovation Summit on July 17-18 in downtown Washington, DC. This meeting will advocate for, and highlight the importance of, Medical Readiness and Innovative Medical solutions for service members and will seek to maximize membership engagement in the changing federal R&D landscape. Due to space limitations attendance is limited to one person per member organization in order to maximize participation.

Notre Dame may send one person to this meeting.

As a reminder, this meeting is a supplement to the larger MTEC Annual Meeting, which is currently being scheduled to take place in the DC area in late Fall.

Eligibility: Attendance is limited to one (1) person per member organization. No member of the Notre Dame community may register for this meeting unless nominated by NDR Limited Submissions.
