Purpose: The purpose of the Maternal Produce Prescription Program (MP3) is to support community- based organizations to develop produce prescription intervention programs and related nutrition education for maternal populations at risk of poor health outcomes due to nutrition insecurity and other health-related factors. These nutrition interventions will serve pregnant and post-partum women and their families in low-income and underserved rural and urban areas. The MP3 program advances the Make America Healthy Again priorities to improve the American diet and reduce related chronic conditions.

Objectives: To be accomplished during the period of performance include:

- Increase the number of pregnant and post-partum women enrolled in MP3 and receiving nutrition education.
- Increase the number of enrolled pregnant women receiving produce prescription interventions (which may include vouchers).
- Increase the self-reported fruit and vegetable intake among enrolled women and their families.
- Build and strengthen community partnerships to increase access to healthy foods.

Funding Opportunity Goals:

- Increase fruit and vegetable intake by pregnant and post-partum women and their families.
- Increase household food security.
- Improve maternal health outcomes.
- Improve birth outcomes.
